

WooCommerce is now the most popular eCommerce platform on the web. It allows you to sell anything, beautifully. Built to integrate seamlessly with WordPress, WooCommerce is the world's favorite eCommerce solution that gives both store owners and developers complete control.

Pragmatic has developed a module as connector between Odoo - Woocommerce. Now user can easily Import data from Woocommerce to Odoo. List of features of this connector is mentioned below:-

- Import Product Category from Woocommerce to Odoo
- Import Product from Woocommerce to Odoo
- Import Inventory from Woocommerce to Odoo
- Import Customer from Woocommerce to Odoo
- Import Sales Order from Woocommerce to Odoo

Once user can Import the Product from woocommerce to odoo, User can see WooCommerce Id over the form.
